Immediate Reprisals  
If Nazis Use GasBritish Declaration Comes  
After Reported Axis  
Plans on Soviet Front

By the Associated Press.

LONDON, April 22.—Asserting it  
had received reports that "Hitler is  
making preparations for using poison  
gas against the Russian front," the  
British government vowed today  
that any use of gas by either Ger-  
many or her satellites would bring  
immediate reprisals in kind against  
military objectives "throughout the  
whole expanse of Germany."The government's statement was  
issued by Prime Minister Churchill  
and newsmen were called into an  
extraordinary session early this  
morning at the Ministry of Informa-  
tion to hear it.The British Broadcasting Corp.  
also quickly beamed shortwave  
broadcasts to Germany, directly in-  
forming the German people what  
they could expect if their leader  
orders the use of gas. The broad-  
casts emphasized the United Na-  
tions' air superiority and quoted the

Prime Minister's comment that  
"British resource and scale of de-  
fence of gas warfare facilities"  
have greatly increased since last  
year.The Berlin radio, replying to the  
British statement, quoted German  
Foreign Office circles as saying that  
Germany would stand by a pledge  
given last year that she would  
use poison gas only if her enemies  
used it first. The broadcast, re-  
corded by the Associated Press, said  
Berlin political circles termed Mr.  
Churchill's declaration "provoca-  
tive."

Gas Masks Checked.

Britons began checking over their  
gas masks, with which every resident  
of Britain is equipped, after Herbert  
Morrison, Minister of Home Secu-  
rity, cautioned them two days ago  
that the danger of the use of gas  
was not past. His warning followed  
the assertion of Wing Commander  
Hudson, inspector general of civil  
defense, that "if Hitler thought he  
could secure tactical surprise by us-  
ing gas he certainly would."Mr. Churchill's statement said the  
reports of Germany's intentions had  
come from "a reliable source." A  
Soviet official, meanwhile, declared  
that "we have passed on to the  
British Foreign Office information  
that supplies of gas recently have  
been reaching the German armies on  
the Russian front."Slightly less than a year ago, Mr.  
Churchill commented on similar re-  
ports that the Germans were test-  
ing the use of gas in the Crimea,  
where the official Russian news  
agency Tass said German troops  
had used land mines containing  
poison gas.

Hitler Pledge Recalled.

The Prime Minister quickly as-  
serted that his government  
would consider the use of poison gas  
against Russia as if it were against  
Britain and promised "if we are  
satisfied that this new outrage has  
been committed by Hitler we will  
use our great and growing air  
superiority in the west to carry gas  
warfare on the largest possible scale  
far and wide against military ob-  
jectives in Germany."The German radio denied at this  
time that gas had been used and re-  
called that Hitler pledged he would  
not use it.
